

April 30, 2010

Leon Mullina
Engineered Concepts

This letter is to advise that Building Materials Wholesale supplied the drywall for the following project from January 2008 to November 2008.

The Column at Gulfport
980 Courthouse Rd
Gulfport, MS. 35907

We at BMW did not import nor purchase any Knauf Plasterboard Chinese manufactured products in our market areas. Manufacturers used for this project were American Gypsum, Temple-Inland, U S Gypsum Company, and National Gypsum. All these manufacturers produce their products domestically.

Hopefully this letter will allow you to rest assured that you have received quality materials from Building Materials Wholesale. We understand the concern due to the problems that have arisen due to competing distributors in the Gulfport area flooding the market with Chinese Board.

If you have any questions please don't hesitate to call one of our representatives

Sincerely,

A handwritten signature in black ink, appearing to read 'Teddy Little', written over a white background.

Teddy Little
Director Of Sales
